

READ & PUBLISH AGREEMENT AUTHOR BENEFITS

HOW IT WORKS

Corresponding authors affiliated with institutions participating in the **CSIC Consortium** agreement have full access to **17 journals** from AIP Publishing and can submit manuscripts for Open Access (OA) publishing without directly incurring article processing charges in **15 journals 2022–2024**.

(see reverse side for details)

Upon submitting an article:

- Use the “search organization” field to select your institutional affiliation.
- Click “submit” for the system to verify the Read & Publish agreement.

Scan to learn about
publishing OA

Papers accepted for publication will, after being reviewed by your library, publish OA through this agreement.

ELIGIBLE ARTICLE TYPES

- | | | |
|-----------------------|----------------------------|------------|
| • Brief Communication | • Research Update | • Note |
| • Conference Article | • Roadmap | • Article |
| • Letter | • Communication | • Review |
| • Perspective | • Fast Track or Article–FT | • Tutorial |

BENEFITS TO PUBLISHING OPEN ACCESS

Research published OA is more discoverable to scientists across the world without any barriers. Authors whose articles are accepted for publication benefit from:

Expanded article reach

Publishing with no paywall increases discoverability and readership. **Open access articles are downloaded 3x's more at AIP Publishing.**

Greater impact

Increased citations and usage triggers further research which builds on your findings.

Global accessibility and innovation

Increasing opportunities for global collaboration with researchers, institutions and funders.

Author and institution visibility

Removing barriers, increases visibility and recognition.
